

## Ride Sign-up Changes

In an attempt to allow chapter members extra time to sign up for rides while helping with meal and ride head count we will implement the following changes:

Sign-up will begin two months in advance allowing ample time prior to the day of the ride.

Cost has always been discounted for chapter members while guests have been charged close to our cost, this will continue for the two meetings prior to the ride.

For members and guest that sign-up the day of the ride, there will be no discount, full price will be charged.

Please pay the day of sign-up, which will help simplify this process, thank you.

We hope this new process does not inconvenience any member while helping the committee with ride planning.

Thanks for your understanding
